Projects

SimpliFi

SimpliFi is a simple money tracking app designed to help users track their finances with ease. It allows users to perform basic CRUD (Create, Read, Update, Delete) operations to track their income and expenses. <https://simplifiapp.onrender.com/>

YALE

A password manager app that allows users to store their passwords or generate a strong password for a service. This app uses Advanced Encryption Standard(AES) algorithm to encrypt and decrypt the user's passwords. <https://yale-v2rk.onrender.com/>
